

**1. Introduction to
UCSC
Catalog**

Catalog

The UCSC General Catalog is your main source of reference for courses offered at this campus. It is available for sale at the Bay Tree Bookstore and can also be accessed via the web at reg.ucsc.edu/catalog. Under each course-sponsoring agency (department, program, college, division), the catalog lists current courses with their descriptions, general education codes, prerequisites, and instructor(s). In addition, the catalog includes general admission procedures, general education and other graduation requirements, descriptions of each of the colleges, and UCSC faculty. The official requirements for each major are listed in the catalog, and students commit to a major program based on a particular catalog. (See [Catalog Rights](#), page 5.)
